

Make-Way Environmental Technologies Inc. has been providing Onsite Sewage Treatment solutions to Ontario for over 20 years. 2018 was a busy year for the Enviro-Septic System. Not only did we receive our BMEC 18-05-386 and CAN/BNQ 3680-600, we also surpassed 200,000 systems in North America. Therefore we want to say "Thank you"! Thank you for choosing the Enviro-Septic System and for making 2018 an AWESOME year! It has been a pleasure working with you. We would also like to wish you and your families a very Merry Christmas and a safe and Happy New Year!
