

ADVANCED ENVIRO))SEPTIC^{MD}

PROTECTING OUR ENVIRONMENT

“Third party testing in Cold Climate Leads to big changes with the ADVANCED ENVIRO))SEPTIC^{MD}”.

This is an innovative technology therefore our BMEC is not and will not be revoked.

Please come and see us at the OOWA annual conference held at Deerhurst on April 15th – 17th. We are the PLATINUM sponsor this year. We will be holding a draw for six Advanced Enviro-Septic® Pipe, a value of approximately \$1,200.00. Come and drop off your business card! You can find us at booth #205 and #207!

HOSTED AT THE:

DEERHURST RESORT IN MUSKOKA

April 15 -17, 2018

As a result of our testing we were able to make big changes to our system. These big changes will have a direct result to the cost of our system. As an installer you will be able to save approximately \$2,000.00 for the Enviro-Septic® System.

We will now be the least expensive treatment system meeting Level IV of the OBC.

For more information on these changes please call Bert at 519-709-0681.

BMEC #13-03-365

The Enviro-Septic® System is an innovative technology and is approved as an alternative to a Class 4 System producing Level IV Quality Effluent.

THEREFORE, our BMEC will not be revoked.
