

Make-Way Environmental would like to invite you to our 2022 Training sessions!

System O)) **REALLY** is the best and simplest soil based treatment
technology available on the market today!

Things to Remember!!
The Enviro-Septic System is a
simple and easy septic system,
producing Level IV Quality
Effluent. It:

- Does not require pumps or aerators
- Does not require electricity
- Does not require washed stone
- Does not have any moving parts
- Does not require maintenance except the
OBC mandated annual inspection
- Very easy to install
- Does not require a mantle
- Does not require media replacement
- Easy to acquire a sample, every time

Pre-registration is required.
