

Enviro-Post April 2022

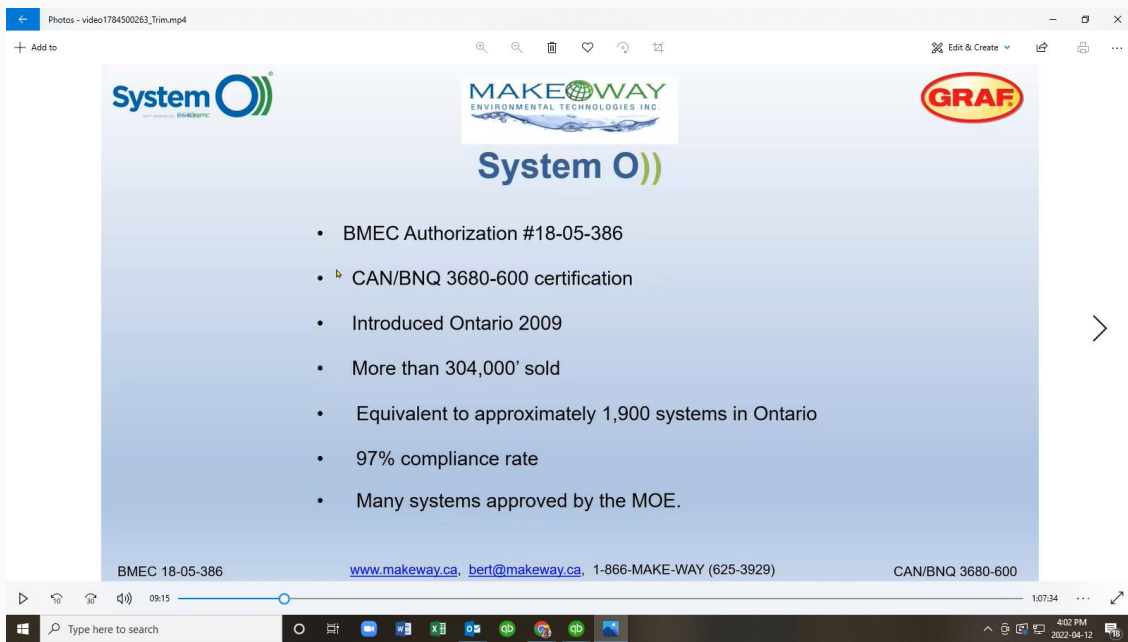

Thank You

Thank you for attending our 2022 training sessions!

Earlier this month we had 3 mornings of training for System O))(Enviro-Septic System). The attendance for our training sessions was phenomenal! Therefore, we would like to take a moment to say thank you to all that attended. We trust that you enjoyed the sessions and were able to take away a little more knowledge than you had before.

If you were unable to join us on the 3 scheduled days, please call your area representative. They will love to help you learn more about System O))(Enviro-Septic System).

Eastern Ontario – Roddy 613.314.7597 rodny@makeway.ca
Central Ontario – Graham 519.280.4487 graham@makeway.ca
SW and Northern Ontario – Bert 519.709.0681 bert@makeway.ca

Advantages of System O)(Enviro-Septic System)

Does not require pumps or aerators / Does not require washed stone Very easy to install / Does not require maintenance except the OBC mandated annual inspection / Can be installed in ground, partially raised or fully raised / Does not have any moving parts
 Does not require electricity / Does not require media replacement Easy to acquire a sample, every time

We briefly went over our Stormwater / Rainwater / Greywater line of products.

Don't hesitate to call one of us today for more information!
