ENVIRONMENTAL TECHNOLOGIES INC.

ATL by Infiltrator has not renewed their BMEC in Ontario. Make-Way Environmental Technologies Inc would like to inform you that Infiltrator has asked System O)), also known as the Enviro-Septic System, to fill in the gap that has been made by this non-renewal decision.

System O)) is sold exclusively sold through the Make-Way Environmental Technologies Inc team of Dealers. Please remember that System O)) is the simplest treatment system producing Level IV quality effluent. It is easy to install, does not require a stone layer, does not require a mantel, does not require any maintenance (except OBC annual inspection), does not require hydro if gravity flow is achieved, does not require any mechanical or electrical parts.

And, it is CAN/BNQ 3680-600 certified!

We are in the process of providing ATL dealers with System O)). Reach out to your dealer or call us today! We are here for you!
