

MAKE WAY

ENVIRONMENTAL TECHNOLOGIES INC.

System O)) is a simple and environmentally friendly wastewater treatment system. It acts as a efficient alternative to other septic systems, and produces Level IV quality effluent.

Features of System O)):

- Easy to install
- Does not require a stone layer
- Does not require a mantel
- Environmentally friendly
- Does not require any maintenance except an annual inspection
- Does not require hydro if gravity flow is achieved
- Does not require any mechanical or electrical parts

System O)) is readily available through the Make-Way Dealer network, and we are not experiencing any supply disruptions. Want to learn more? Visit our website or contact us for more information!

Make-Way Environmental Technologies Inc is growing!

We are excited to welcome two new members to the Make-Way team: Trevor McMahon and Ryan Thomas!

Ryan Thomas

Near North Sales Representative
