

# MAKEWAY

ENVIRONMENTAL TECHNOLOGIES INC.

**The Summer season may be coming to an end but the System O)) season is still going strong!**

## (Fun) Facts about System O)) and Make-Way Environmental Technologies Inc.

- The Enviro-Septic System is now known as System O)), the same product just a different name.
- System O)) is a Canadian system, owned and distributed by Canadian companies.

- System O))'s **CAN/BNQ 3680-600** and **BMEC 23-05-407 & BMEC 23-06-408** belong to Canadian companies. In other words, Canadian through and through.
- With our new BMEC approvals, System O)) now has the smallest footprint of any treatment system in Ontario.
- This makes System O)) the most **Versatile** sewage treatment system in Ontario.
- You can choose any shape or layout depending on your site. A length of Enviro-Septic pipe may be cut into sections, bent, or curved to follow the contours of the property, and there's no 15-meter mantle required.
- System O)) is the least expensive "Advanced" sewage treatment system in Ontario.
- System O)) is exclusively sold through the Make-Way Environmental Technologies network of dealers.

- There are a total of 22 dealers across Ontario. This means you can find System O)) products very close to any job site.
- Very soon there will be 5 System O)) sales reps in Ontario.
- There are 235 certified System O)) installers across the province. This number is increasing daily!
- We train and certify our installers in the field. There is no need to come into a classroom, we will come to you!
- At any given time, Make-Way Environmental stocks between 5,000' and 10,000' of Enviro-Septic pipe.
- Even during the COVID-19 pandemic we **never** experienced problems with our supply chain.
- We will assist the designer/engineer with designing. We have design manuals and tools, auto CAD files, etc.
- We offer "Lunch and Learn" training sessions with engineering firms and OBOA chapters.
